RE: 3:15 CV 2561

To Whom it Concerns;

I do not know if this matter can be allowed an expedited resolution, but it is a very serious matter. One matter I did not bring up in this Notice was the fact a lot of information has come via a P.R.C. supervisor I have filed grievance against and have started a T.R.O. for. He has committed unlawful acts against me before, one was unlawful violation and sent back to prison falsely.

He states information that can only come from one place, the defendants.

(CONT) <sup>2</sup>

His statements come via my case - manager, Ms. Smith (MARION JUDGE) in AN E-MAIL she allowed me to read from him. He is intentionally setting me up for a violation by forcing me to use the Cherry Street Mission. I hate all religion and it's "mission" in this world. And he knows how deep my hatred is for all things religious. He knows people who use the Cherry Street Mission ARE "FORCED" to watch a religious movie and sermon. This is a scary thing to tick me off!

I do not know what to do. This is very, very real and serious. These allegations are NOT from a diseased mind. I've victim before and at a hearing I can prove it.

These people are mad as hell at me and ARE engaged in a course of retaliation against me.

As of 1/20/16 I will not be here. I will let you know where I land.

Sincerely

Rodney J. St. Hilaire

Defendants

CASE NO: 3:15 CV 2561  
Judge Helmick

Complaint of  
RETALIATION by  
CERTAIN PARTIES  
And/or AGENTS of STATE  
HEARING REQUESTED

Now Comes Rodney A. GEREN Advising this  
Court that certain parties named as defendants  
in this action, HAVE in FACT began RETALIATION  
by ABUSE of POWERS AGAINST ME. And HAVE enlisted  
other STATE AGENTS in thier quest to punish me  
for filing this Complaint as to thier unlawful acts.

PERCIEVED ACTS begun:

1. Probate Judge will not protect my lawful  
expected inheritance in Wood Co. CSE # 2012-1285,  
the Estate of my mother Jacqueline Fields. This Judge  
has allowed the UNLAWFUL SALE of Jacqueline Fields's  
home for LAND TAXES when in FACT the Estate has  
debts owed and collectable to PAY those TAXES.  
He has allowed others to steal and commit crimes  
against the Estate and my self with no REPER-  
Cussions AT ALL. He claims NO power yet the LAWS  
clearly states he has them and should in FACT  
enforce. One transgressor is the Wood Co. Prosecutor  
as stated in the Complaint.

NOTICE of RETALIATION (cont.)

2. The State has sold said property in spite of being given all documents showing the Tax debt can be paid. All it needed was a Court order releasing the funds. My motion(s) to have this done, as Probate demanded, were not allowed.

3. These acts forced the Estate once solvent, into insolvency thus denying me ANY and ALL chance of the original expected inheritance.

4. These acts unlawful enriched others in violation of applicable rules of law and just plain unFAIRNESS.

5. And lastly this Act destroyed exculpatory evidence I would need should the State try to prosecute the acts in this complaint which in effect on a Statute of Limitations clock. It also destroys evidence needed in this CASE. This fact is well known to the State of Ohio via Motions Filed in Wood Co. CASE(S) 2015LF0021 and 2012-1285 (Probate) as well as 6<sup>th</sup> Appellate CASE(S) 2015-WD-0048, 2015-WD-0019, 2015-WD-78 (most recent).

I PRAY this Court takes swift action and commence a hearing into this matter in an expedited fashion.

Respectfully  
Rodney A. Glorion
